

The Delaware Office of Highway Safety

PRESENTS

YOUR NIGHT REDEFINED

LIGHT UP

"Light up" takes on a whole new meaning when you drive high. Delaware has Drug Recognition Experts who can tell if you're smoking pot or using other illegal drugs. Get caught driving under the influence, and you'll get a suspended driver's license, thousands of dollars in fines and possibly jail time. A DUI will always cost you. It's not worth it. Delaware has zero tolerance for drugs.

Don't let a DUI redefine you.
